

FOR THE RESTORATION
AND PRESERVATION OF CORVETTES

August 13, 1994

Congratulations,

It gives me great pleasure to honor you with the highest concours award offered by NCRS, the *NCRS-Duntov Mark of Excellence Award*. This award is presented to you, the owner, in recognition of the long hours of preparation required to meet the requirements. This award was developed as the ultimate concours award for a Corvette and is shared by only the few who have been willing to make the sacrifices necessary. Reaching a score above 97 twice, once at a National Convention, is surmounted only by the passing of the Performance Verification Test, which is a real feat both physically and emotionally. You should be proud!

You have received your plaque at the 1994 National Convention at Seven Springs, Pennsylvania. We encourage you to bring the car back to future conventions for display. Your car, when verified by the Divisional National Team Leader, will earn a plate listing the year and location which should be affixed to the bottom of your plaque.

Again, congratulations on the ultimate Corvette achievement.

Sincerely,

Rick Reid

Rick Reid
NCRS President
