Re: 1955 Mercedes Benz
300 SL Gullwing Coupe

Dear David,

I am moving to Nebraska to practice law with an old friend and have been unable to locate a mechanic with the special skills necessary to maintain the Gullwing at the standards of care you gave it and which I tried to maintain.

Consequently, I have sold it at cost to Anton Hulman, Jr., who, among other accomplishments is the President and owner of the Indianapolis Motor Speedway. He is a very considerate, conscientious civic person who has agreed to keep it in his automobile museum so others may also enjoy it. Should you ever get to Indianapolis you will be able to see it.

Thank you again for letting me enjoy it.

Sincerely,

Golby C. Uhlir

GCU/d
